What we do

Providing products, services & infrastructure that help communities thrive.

Landscaping & Farm Products

Biosolids Management

Organics Processing & Compost

Renewable Energy

Grease Trap Cleaning

Food Waste

Waste Disposal

Waste Logistics

Waste Transfer & Recycling

Wood & Shingle Grinding

How we do it

- ✓ Education & Awareness
- ✓ Managing Operational Impacts
- ✓ Supporting the Community

Community Relations

Promotion & Education Objectives

Duty of Care/Social Responsibility

- Share our expert knowledge
- Improve environmental outcomes
- Incorporate public input into decision making
- Earn and maintain the community's trust

Education & Awareness Tools

Tours

**Community
Outreach**

Collaboration

**Academic /
Research**

**Lunch &
Learns**

**Community
Clubs**

**Social
Media**

Managing Operational Impacts

Don't be a 'nuisance'
(i.e. litter, dust, noise, odour)

Do the right thing

Be the best neighbour
you can be

Listen to your neighbours
& spend time with them

Supporting Community

**Awareness &
Education**

**Community
Giving**

**Training &
Internships**

Volunteering

Partnerships

Show up/Be Present!

Know when to use the right tool!

Or...

Thank you

Darren Fry – Project Director
Walker Environmental Group
